Transportation Managers

We recommend that clients hire local transportation managers through their event planner for each booked Motor Coach. The transportation manager's responsibilities would include:

Greeting guests at hotels and being an "on board" guide during the transfer.

Texting the wedding planner when leaving the hotel for Pippin Hill.

While on bus, announcing to guests the shuttle departure times and ensuring no items are left behind.

Texting wedding planner when five minutes out from arriving at Pippin Hill.

Once guests are dropped at Pippin Hill, directing Motor Coach to the designated staging location.

Calling vehicles in advance of guest departure to bring them back to guest pick up location.

Departing with guests and texting the wedding planner when vehicle has made its final drop and is released.
