

Pippin Hill's Guide

to planning your wedding in 6 months

Don't let traditional wedding planning timelines deter you from having the wedding of your dreams during the season you want most.

6 MONTHS

Determine Your Budget

Up first is determining your total budget for the wedding and who and when will be contributing.

PIPPIN PERK: We've partnered with Carats & Cake, a better way to pay, offering the ability to split your payments into smaller monthly amounts, interest-free, with no additional costs.

Secure Your Vendors

Reach out to your top choices first and secure your vendors right away. If you have a specific planner or band in mind, reach out to them first. **PIPPIN PERK:** Our Sales Team will share our preferred list of vendors and work with you to recommend the best in the business to come together as your Vendor Dream Team!

Choose Your Dress

While you may be able to have a custom dress made in 6 months, if you can't quite commit to the 'one' right away, there are incredible ready-to-wear options available. The dress-shopping experience should be exciting and fun so grab your entourage and choose a boutique bridal shop with an expert team that will manage your fittings and timelines for you.

Book a Hotel Room Block for Guests & Secure Accommodations for the Wedding Party

If Charlottesville is a destination for a lot of your guests, let us help recommend some local favorites to secure a room block for your guests. **PIPPIN PERK:** For the couple and close family/friends, we have the perfect charming-meets-convenient Inn to house everyone for your wedding weekend. www.crossroadsinn.com

Schedule Your Engagement Shoot

Have a favorite photographer in mind for your wedding? See if they're available for your engagement shoot that way you get a feel for working together ahead of the big day and you will have photos for your save-the-dates and wedding website. **PIPPIN PERK:** Engagement shoots at Pippin Hill are reserved for *our* wedding couples only!

5 MONTHS

Determine Your Guest List

Keeping your budget in mind, it's time to determine your guest list. Knowing Pippin can accommodate up to 250 guests, create the full list of everyone you and your partner have ever wanted to include up to the maximum number. Next, go back through that list and mark people as an A or a B. Your A's are the ones you must have by your side and your B's are still people you really want to attend but not necessarily must-have guests. The A group gets the first round of invitations early and any regrets are taken by members of the B group.

Ask your BFFs to be in the Wedding Party

Don't wait for that special moment between you and the people nearest and dearest you want standing next to you at the altar. **PIPPIN PERK:** Ask our team about the [Wedding Shop](#) to view exclusive custom retail gifts for your BFFs.

www.❤.com

Create Your Wedding Website

Your 'north star' for all things wedding related and a reliable resource for your guests so ensuring you have your engagement photos back in time to add to your site will add the perfect curated feel. **PIPPIN PERK:** All of our couples get exclusive access to our client access portal with helpful tools you can use both in the planning process and building your website! Remember to have your wedding website live and ready to include on your Save-the-Dates, up next!

Send Your Save the Dates

Save the Dates should go out as soon as you have your venue secured. There are more resources than ever for custom save-the-dates in a short turn-around time so take advantage of sites like Zola and Minted. Pro Tip: Sending out electronic Save the Dates allows you to ask if your guests plan to attend ahead of time and get ahead of those A and B lists!

Secure your Rehearsal Dinner Location

Who doesn't love the best of both worlds? Vineyard wedding, meet downtown Rehearsal Dinner. Red Pump Kitchen is the perfect venue to host your rehearsal dinner. For up to 65 seated guests, the space also has a patio perfect!

PIPPIN PERK: One dream, same team: both our culinary and events teams will host your event at Red Pump and Pippin Hill gives you the assurance that the service and food for all of your special moments will be top-tier!

4 MONTHS

Hire the Rest of Your Vendors

Time to secure hair and makeup, rental companies, and transportation among others.

PIPPIN PERK: Let our team connect you with our creative partners to ensure a seamless experience with our trusted team of vendors.

Get Your Wedding Rings

Most wedding rings and bands are made-to-order and could take up to 90 days for yours to be made and delivered so don't wait longer than 4 months out. If you're looking for a matching set, head to the place your fiancé bought the engagement ring.

3 MONTHS

Menu Tasting

Our team will work with you and your planner to schedule your tasting and we pull out all the stops! Our Event Managers will host you and your guests and take you through wine, beer, and cocktail pairings while Chef carefully prepares your selections to savor and ensure your menu is as perfectly executed as the rest of your big day! Our team will also walk you through any accommodations needed for dietary restrictions or allergies so you feel comfortable about all of your guests having a delicious meal.

Plan Your Honeymoon

The planning isn't just for your wedding, don't forget about that well-deserved honeymoon you'll want to be solidified ahead of time so you can just relax and enjoy. **PIPPIN PERK:** Our sister property, Zero George Street in Charleston, South Carolina is a Travel + Leisure 'must-visit' boutique hotel with an award-winning restaurant on-site. Let our team assist with booking at a special rate! <https://zerogeorge.com/>

Send the Invitations

Time to sign, seal and deliver! Plan to send these out 10 weeks before your wedding.

2 MONTHS

Party Time

Let the celebrations begin! In the final 2 months before the wedding, your shower and respective Bachelor / Bachelorette parties should be happening, further out for destination gatherings. Traditionally, these events are planned and carried out by close friends and family so little planning stress on your end with a lot of laughs and great memories.

Order Your Marriage License

Visit your county clerk's office to get your marriage license, and ensure this is done ahead of time so when you say "I do" you can feel comforted knowing you're officially wed!

Do a Hair and Makeup Trial

You'd be surprised to know how many people think they know exactly what they want for their wedding look but end up changing their minds once they see it on themselves. Schedule a hair and makeup trial to see both together and work with your glam squad to evolve the look until it's perfectly you! [PIPPIN PERK: Our Loft Hair & Makeup alcove is equipped with professional-grade lighting. Our 3-way mirror is perfectly lit and angled, allowing you to get photos without the photographer in the background!](#)

1 MONTH

Prepare for the Honeymoon

If you're leaving right away for the honeymoon, take some time ahead of the wedding to pack your bags and ensure you have everything you'll want (including those trusty passports!).

Confirm All the Details

Work with your wedding planner to go over the final seating arrangements and timeline to ensure there are no surprises and everything is planned according to your vision. Any final payments and tips for the day of should be taken care of and allocated so you don't have to worry about any financials on the big day. **PIPPIN PERK:** Our team works directly with your wedding planner to compare timelines and vendor details down to the minute for flawless execution with no surprises!

Enjoy the Moment

You did it! And in 6 months no less! All the planning turns into one epic celebration so don't forget to actively set the intention to soak it all in and participate in all of it, every moment!
